

# Installing MS Teams on Mac

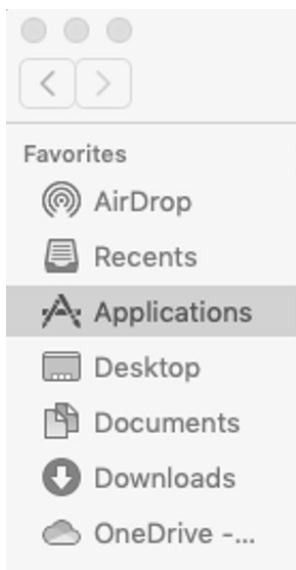

## (University Owned Computers)

### Do I already have Teams Installed?

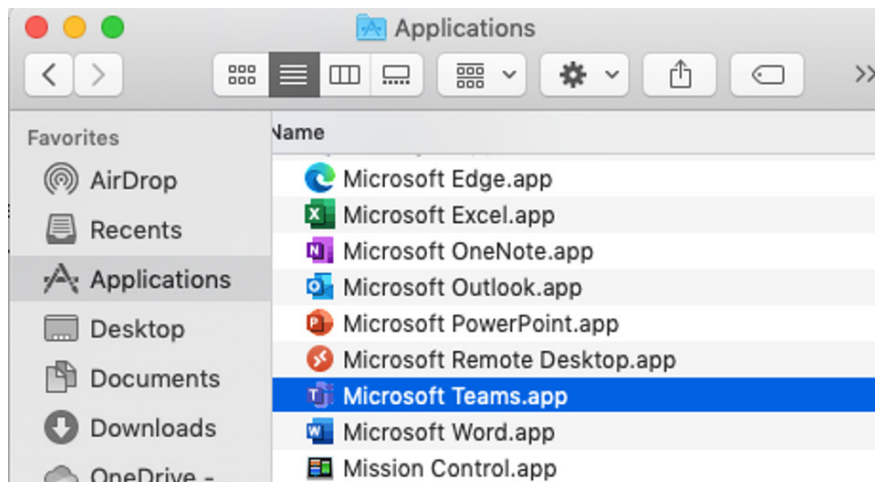

1. Start by selecting the Finder icon at the bottom left of your screen:

2. Select “Applications” from the “Favorites” in the left hand column:

3. Scroll through the applications until you reach the “Microsoft” section and look for Microsoft Teams. If you see the Teams logo, you’re all set and can skip the rest of this document!
